

Download KITTI 3D object detection data and organize the folders as follows:

```
dataset/KITTI/object/
```

```
  training/  
    calib/  
    image_2/  
    image_3/  
    label_2/  
    velodyne/
```

```
  testing/  
    calib/  
    image_2/  
    image_3/  
    velodyne/
```
